

chiropractic ADVANTAGE™

ONC Certified EHR &
Practice Management Software

Finally, an EHR that actually saves you time.

By adapting to your workflow, Chiropractic Advantage helps you see more patients while delivering better patient care.

Why Chiropractors prefer Advantage

- ✓ **We Adapt to You**
We start by customizing our system to conform to your exact workflow. Screens, reports, patient documents — everything can be tailored to meet your exact needs.
- ✓ **Intuitive, Fast**
Our easy to use point and click interface lets you enter SOAP notes quickly using iPad, touch screen, tablet or voice.
- ✓ **Designed for Chiropractors**
Advantage guides you with its extensive knowledgebase of chiropractic diagnoses, anatomical body parts, treatments, assessments and plans.
- ✓ **Integrated Billing & Scheduling**
From your website to front office, and exam rooms to billing department — Advantage streamlines your workflow, saving you time and increasing profitability.
- ✓ **Coding Assistance**
Advantage suggests codes based on Medicare guidelines and automatically populates your super bill with E/M, CPT and ICD-9 codes. No more under-coding; no more over-coding.

- ✓ **Image Management**
Our standards-based (DICOM) digital image management system allows you to quickly view, manipulate and interpret all of your patients' diagnostic images.

- ✓ **Certifications**

Meaningful Use HIPAA compliance

- ✓ **Cloud-based**
Access Advantage over the web using our fully HIPAA compliant, secure cloud solution. Or install it on premise at your practice.
- ✓ **Above & Beyond Support**
Our responsive, knowledgeable support team is by your side every step of the way to help you be successful with EHR.

The EHR and Practice Management Partner
successful practices have trusted for over 27 years
